Pearson Test of English Academic:

Do you need to take an English language assessment? Learn more about Pearson Test of English Academic (PTE Academic) and how to prepare by visiting www.pearsonpte.com/gmat.

Check-in Policy:

Please arrive at the test center 30 minutes before your scheduled appointment. This will allow you enough time to complete the check-in procedures before beginning your exam. If you arrive more than 15 minutes after your appointment time and are refused admission, the exam and delivery fees are not refundable.

You will not be allowed to take any personal items with you into the testing room. This includes all bags, books not authorized for this exam, notes, cell phones, pagers, watches and wallets.

Identification Requirements:

When you arrive at the test center you will be required to present at least one form of GMAC®-approved, non-expired, government-issued identification (ID) that clearly shows your **name** (in Roman characters, as in this letter), **photograph**, **signature**, and **date of birth**. With some restrictions and exceptions as noted below and on www.mba.com, the only approved forms of ID are a *passport (required if testing outside of your country of citizenship)*, *driver's license*, *national or state ID card*, or *military ID card*. The name and birth date on your ID must match exactly the name and date of birth you provided when you registered for the exam.

The test administrator cannot allow you to test if your ID is not an approved form of ID, or it does not contain **all** four of the elements listed above, or it does not match the name and date of birth you provided when you registered for the exam. If your ID is missing *one* of the four elements (such as a signature), or has *expired*, you will need to present a second form of GMAC®-approved, non-expired, government-issued identification (ID) (matching the name on the first ID) that has the missing element, or is not expired.

Please also check to determine whether you belong to one of the groups of test-takers required to present a passport and/or subject to other ID restrictions, as in the following situations:

- If you are testing in *Bangladesh, China (including Hong Kong), India, Japan, Pakistan, Singapore, or South Korea* — you must present a **passport**.
- If the only GMAC®-approved form of ID in your country that includes *all the required elements* (name, photograph, signature and date of birth) is a passport — you must present a **passport**.
- If you are testing *outside your country of citizenship* — you must present your **passport** (unless you are an EU citizen testing in an EU country).
- If you are a citizen of *Cuba, North Korea, or Sudan* — you must present a **passport** together with another form of government-issued documentation (matching the name on your passport) proving your *primary residence* is in a country not subject to U.S. government sanctions.

The information provided above is a summary only. Please visit www.mba.com/GMATIDPolicy for the most current and complete information concerning approved forms of ID, including special restrictions that may apply based on the country you are testing in. **ID requirements are strictly enforced at the test center, and test administrators are not authorized to grant exceptions.** If you have questions about the ID requirements, are unable to meet them for some reason, or are not sure if your ID is acceptable for entry to the test center, please contact [Pearson VUE](#).

GMAT® Military Candidates

Palm Vein Pattern Identification Introduced

To better ensure that every test taker has a unique test record, GMAC® is implementing the palm vein pattern reader, a highly accurate and non-intrusive identification system. For details on the new technology and frequently asked questions, please visit www.mba.com/pvr.
